

Hythe Golf Club - PlayMoreGolf

Flexible Golf Membership

Our new flexible membership is perfect for new to golf beginners looking to join a Club for the first time, and for golfers with limited opportunities to play.

Our new flexible membership offers 80 points for £280 on a rolling annual membership. The number of points you use each round is governed by peak and off-peak times of the day. Details of the points each time you play can be viewed on our matrix when you click the link below.

You can obtain a handicap and play in Club competitions as a flexible member. However, you will not be able to play in Club matches or use our reciprocal club's arrangement.
